Introduction

Hello there! thanks for purchasing ***Cartoon Art***, this is a professional Photoshop plugin that will help you to generate Cartoon Effects easily in 01 click without any effort, and in minutes.

Our development team are spend mouths to give you a professional user interface and user experience in order to help you save your time. so your 05 stars review will help us a lot, make sure you done that.

- **Somethings you need to know before use the plugin:**

1. To install **Cartoon Art Plugin** you need to download the free **ZXP installer** from ***aescripts.com***, it's a third party app agreed from ***adobe*** that will help you to install Adobe Extensions and Plugins.
2. The plugin work only in **Photoshop CC2018+** or higher (the recommended stable versions is **CC2019 - CC2020 - CC2021),** so if you have **CC2017** or lower the plugin wouldn't work with you.
3. If you are an author and you want to use create your own Photoshop Plugin to use it in your next projects, contact us from the ***contact page*** and one of our support team will help you to launch your first plugin.

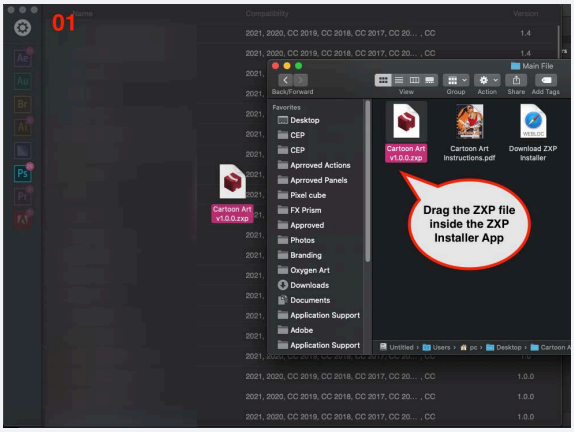

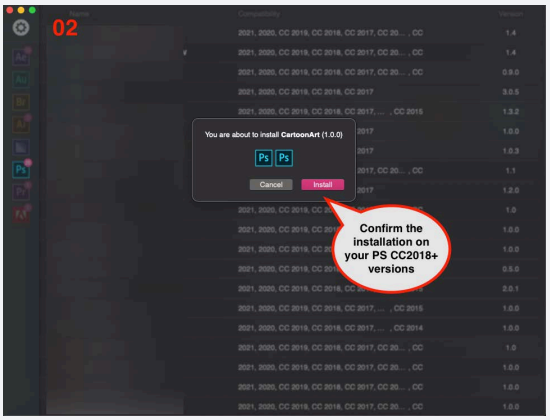

Plugin Installation

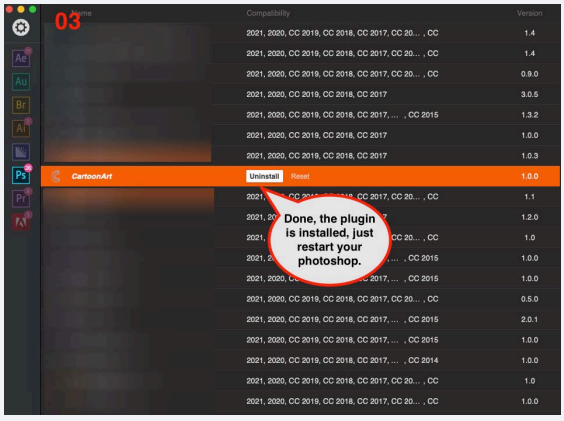

This installation method is for both **Windows** and **Mac OS** users, you can install **Cartoon Art** automatically by the **Cartoon Art v1.0.0.zxp** file, you can find it inside the downloaded folder. Close your Photoshop first and follow those steps to install it successfully:

1. Close your **Photoshop** if it's opened (Important).
2. After installing **ZXP Installer**, open it and drag **Cartoon Art v1.0.0.zxp** file into it.
3. Confirm the Photoshop version that you want to install with, and click OK.
4. Done! now lunch your **Photoshop** or restart it if it's opened.
5. To open the plugin go to: **Window >> Extensions >> Cartoon Art.**

Done! you've installed Cartoon Art successfully, Enjoy!

Some Errors Solutions

If you got any problem or error throw your installation your plugin, please check this list errors and their solutions, if you can't fix your problem from this list then ***contact us*** to assist you.

The "Cartoon Art" extension couldn't not be loaded because is not properly signed :

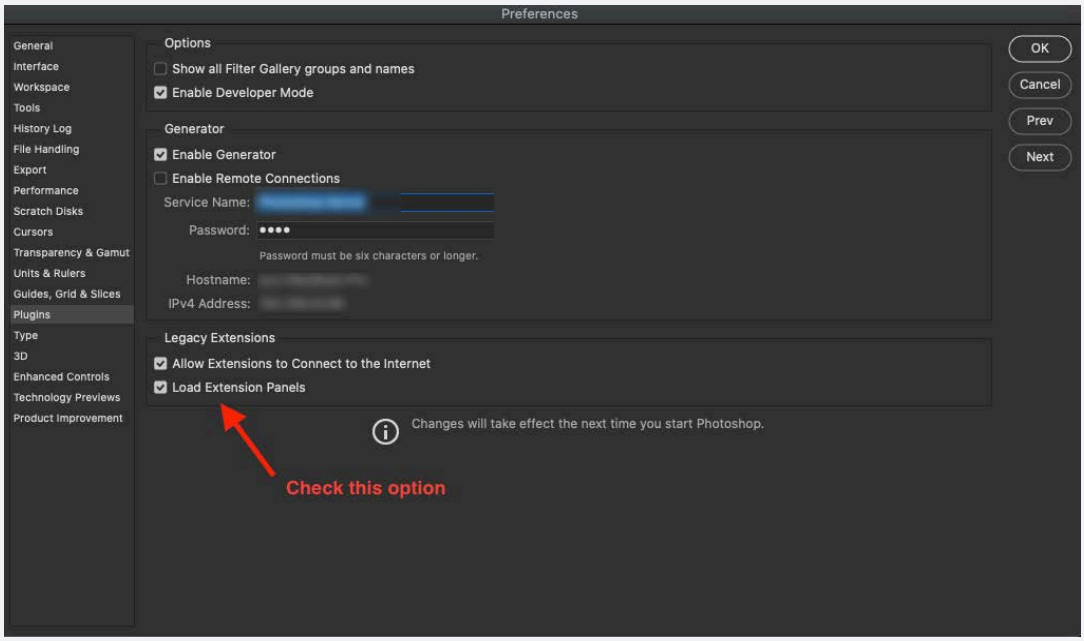

That error comes because of the plugin signature is destroyed, and that happened because some plugin files are missing or edited, Photoshop detect any missing inside the plugin folder and doesn't allow you to open it.

Solution: Re download the plugin and re install it without any editing inside its files and that error will disappear.

I can not open the plugin from Window >> Extensions, the extensions menu is greed out after clicking.

That error comes because your Photoshop doesn't allow external extensions.

Solution: Go to **Photoshop >> Preferences >> Plug-ins**, and make sure you've checked this option: ***Load Extensions Panels.***

Contact us

Our mission is to help you save your time, and we mean that even if you contact us our support team is here to help you in the work hours (10am - 19pm GTM+1).

To make our team help you perfectly make sure you've describe your issue correctly and if that possible to send a screenshot of your issue.

If you can send also a screenshot of your panel layers when you get a problem throw the FX Applying process that will help to understand the source of the problem.
